## ABOUT ME

I was formerly a mathematics teacher, and my passion for technology got me here. I worked with international teams with agile methodologies.
I am curious about new ideas and projects all the time. I can describe myself as a life-long learner.

## BOOTCAMPS

- **Front-End Foxes** (09.22-10.22)
Working with developers all around the world and developing projects and contributing open-sources with the community.
- **Re-Coded** (04.2021-09.2021)
I got a scholarship from Re:Coded and The Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH and started a Front-End development bootcamp from Flatiron School.

## EDUCATION

**Bogaziçi University**
Educational Technology Master's Program
10/2020-06/2023  GPA: 3.65
**Flatiron School**
Front-End Development Bootcamp
04/2021-09/2021
**Bogaziçi University**
Department of Mathematics Education BA Degree  2015-2020 GPA: 3.01

## WORK EXPERIENCE

**Front-End Developer**
Next-Gen Solution & Innovation 07/2021-10/2022
I created and managed e-commerce websites using Twig, Scss, and Javascript. Responsive websites are created by using React and Vue frameworks.
- Experience building Shopware e-commerce backends
- Developing themes and managing plugins on Shopware 6
- Using Twig, Scss, Bootstrap, Javascript & jQuery to develop e-commerce websites.
- Using Git for version control.
- Knowledge of UX/UI Design Principles.
- Experience working in a scrum process.
- Experience in agile project management.
- Experience in different component libraries (MaterialUI, React Bootstrap, React Router)

**Curriculum Developer for Coding Classes**
Boğaziçi University Educational Technology Research Center & Istanbul Metropolitan Municipality 09/2021-05/2022
I was a part of the curriculum development team. We design coding lesson plans for K-12 students. Experience with working in collaboration.

**Volunteer Project Member**
EKIP Social Cooperative Project 03/2020-08/2020
I worked on an EU project. It helps me to improve my research skills to solve various problems.

**Mathematics Teacher** (2018-2020)
Working in three different schools in Istanbul. It helps me to improve my communication, time management, and creativity skills.
